April 20, 1971

Mr. Val Pasvolsky

Dear Val:

Thank you for your letter of April 6 and as soon as it was received, a copy was forwarded to Lee Martin in California for National Coin Week material.

This year YCW has been handled by Lee and the entire committee is in California.

Sorry to hear that you have been "out of circulation" but happy you are now back in the groove of things. You are too hard a worker and too good a promoter for the hobby to not have around.

I do hope the material reaches you on time. Best of luck for National Coin Week.

Sincerely,

EDWARD C. ROCHETTE

copy for Lee sent.

APR 12 1971

Dear Ed:

April 6, 1971
Guess it's a bit late, but if you could send me a batch of NCW cards, posters, etc. I'll be glad to plaster them all over this area -

Unfortunately, in this neck of the woods business place just will not allow display of anything readily stealable to be placed in their windows - too much danger of "break ins", but will let me place cards, posters, etc.

Needless to say, that altho I do not feel that I should compete again, having won a first place a couple of years ago, I'm only too glad to do whatever I can to boost NCW and the area.

Have been sort of "out of circulation" in the numismatic area for some time - been "laid up" most of the time since last December - had to cancel all commitments until recently - but am getting around a little now - and talked NCW wherever I went.

You can well imagine that being almost completely inactive was quite a blow for me, especially after a very active year - between January + November of last year (1970) I exhibited 32 times at conventions + shows, over

and gave 48 talks to clubs, colleges,
school classes, girl + boy scouts, church
groups, etc. ^{service clubs} covering the U. S. pretty well
from coast to coast and in Canada.

This letter is not intended for publication -
just a lament that I had to curtail my
activities in a very pleasurable field of
hobby - and I hope to be able to get back
into the saddle again and ride "full ~~blast~~
blast" - but at the moment that appears to
be quite questionable - Here's hoping!

I'm sure that if you ship out the
cards, posters, etc. at once I could receive
them in time to "spread the good word".

With best wishes for a really "bang-up"
N.C.W. and kindest personal regards -

Sincerely,

Val. Rosvalby.
